

KRISTINE M. CHRISTENSEN

Professor, Computer Information Systems & Director, Faculty Development

≡ SUMMARY OF QUALIFICATIONS

Cybersecurity and AI workforce development leader with 25+ years of experience building and scaling education-to-workforce pathways from K-12 through graduate education. Active leader within the National Centers of Academic Excellence (NCAE) in Cybersecurity community, serving as Principal Investigator, Co-Principal Investigator, program coordinator, curriculum developer, and evaluator across multiple grant-funded initiatives.

Designs and scales multi-institutional programs aligned with national workforce priorities, including a national community college cybersecurity faculty fellowship that has trained 78 fellows and expanded instructional capacity across institutions nationwide. Leads NSF-funded Explore Cyber which has trained more than 500 counselors, advisors, and educators to support cybersecurity career pathways.

Aligns program design, curriculum, and evaluation to the NICE and DCWF Workforce Frameworks to build scalable models connecting K-12, community colleges, and industry. Secured and launched an AI Institute focused on responsible AI use and workforce readiness, and leads national faculty development integrating AI and cybersecurity across technical education.

≡ EDUCATION

MASTER OF SCIENCE, CYBERSECURITY

Georgia Institute of Technology • Atlanta, Georgia • Fall 2026 (Expected)

MASTER OF ARTS, MASS COMMUNICATIONS

University of Florida • Gainesville, Florida

DOCTOR OF PHILOSOPHY, COMMUNITY COLLEGE LEADERSHIP

Dissertation: Attitudes of and Behaviors Towards Academic Integrity Between Community College Students Who Enroll in Online Courses Versus Traditional Courses
Old Dominion University, Norfolk, Virginia

MASTER OF SCIENCE, TEACHING AND LEARNING

Thesis: Strategies, Techniques and Tips for Creating and Sustaining a Climate of Academic Integrity at the Community College
University of St. Francis • Joliet, Illinois

MASTER OF SCIENCE, MANAGEMENT INFORMATION SYSTEMS

Major Concentration: Computer Science
Governors State University • University Park, Illinois

MASTER OF BUSINESS ADMINISTRATION

Eastern Illinois University • Charleston, Illinois

BACHELOR OF SCIENCE, BUSINESS ADMINISTRATION

Valparaiso University • Valparaiso, Indiana
Major: Management (concentration in Human Resource Management)
Major: Industrial Psychology (Organizational Behavior)

≡ WORK EXPERIENCE

DIRECTOR OF FACULTY DEVELOPMENT

Moraine Valley Community College • August 2001 - Present

- Chair the Faculty Development Committee (15 members) and lead a comprehensive professional development program serving 200+ full-time and 650+ adjunct faculty.
- Lead full program development and implementation, including campus-wide needs assessment, workshop design and facilitation, external partnership development, and program evaluation.
- Plan and manage logistics for two college-wide in-service professional development days serving 600+ full-time staff; recent themes include AI and emerging technologies, assessment of student learning and campus services, student retention, community learning, and campus safety.
- Established the Moraine Valley Learning Academy and co-chaired the Retention and Assessment Academy, facilitating year-long action research initiatives for faculty and staff.

P: 708.974.5512

≡ CORE COMPETENCIES

- National Workforce Program Design & Scaling
- Federal Grant Leadership (NSF, NSA, DoW-aligned initiatives)
- Workforce Framework for Cybersecurity Application (NICE & DCWF)
- K-16 Cybersecurity & AI Pathway Development
- Faculty & Institutional Capacity Building
- AI Integration in Technical Education (Responsible & Ethical Use and Workforce Application)
- Cybersecurity Curriculum Development (CAE-aligned)
- Data Privacy Law & Policy (U.S. & Global)
- Cross-Sector Partnership Development (Government, Industry, Education)
- Artificial Intelligence and Academic Integrity Policy Development
- IT, Advanced Manufacturing, and Emerging Technology Curriculum
- Program Evaluation & Federal Reporting
- Strategic Planning & Needs Assessment

≡ ACADEMIC CERTIFICATES

Moraine Valley Community College

- Management Information Systems, AAS
- Homeland Security
- Computer Technician
- Computer Support Associate
- Network Security Associate

University of Florida

- Online Communications & Web Design Graduate Certificate

≡ PROFESSIONAL CERTIFICATES

- ISC2 Certified in Cybersecurity
- Universal Robot Core Training
- Universal Robot e-Series Core, Application, and Pro Track Certification
- FANUC iRVision Operation and Programming Certified Instructor
- FANUC Handling Tool Operation and Programming Certified Instructor
- Snap-On Meter Certification
- Cisco IoT Connecting Things Certified Instructor
- Arduino Fundamentals
- Microsoft Certified Educator
- Introduction to Mechatronics: Level 1
- Adobe Certified Educator
- FEMA ICS-100, IS-01300, IS-00909
- Microsoft Networking Fundamentals
- Microsoft Database Administration
- Microsoft HTML5 Application Development
- CompTIA ITF+
- COMMON Business Computing Associate
- CIW Internet Business Associate

≡ WORK EXPERIENCE (cont.)

PROFESSOR, COMPUTER INFORMATION SYSTEMS & AUTOMATION & ENGINEERING TECHNOLOGY

Moraine Valley Community College • August 2000 - Present

- Responsible for developing, delivering, and assessing learning objectives and course curricula focused on web technologies, computer programming and multimedia design and development in traditional face-to-face, hybrid, and online formats.
- Scan and forecast trends in information technology, website design and multimedia development to ensure students are prepared to successfully enter the workforce with needed knowledge, skills, and abilities.
- Teach courses in programming principles, web development WordPress, Adobe Premiere Pro, Adobe After Effects, Microsoft Office, Internet Technologies, marketing, networking, Robotics I, Voice and Data Cabling, Internet of Things (IoT), electronics, and mechatronics.

TEACHING ASSISTANT, DATA PRIVACY FOR PROFESSIONALS

Georgia Institute of Technology • Jan 2026 - Present

- Support graduate students in a multidisciplinary data privacy course covering U.S. privacy law, sector-specific regulations, and global privacy frameworks, with a focus on risk management and emerging challenges including AI and privacy.
- Assist with grading, office hours, and research related to AI use, data privacy, and responsible AI integration in academic and professional settings.
- Create instructional aids and guidance materials focused on academic integrity and the responsible use of artificial intelligence.

FACILITATOR

North Carolina Network for Excellence in Teaching

- **Spring 2023:** Developed and facilitated NC-NET Academy courses focusing on cyber-awareness and cybersecurity for non-IT instructors.
- **Spring 2022:** Develop a courses focusing on incorporating and creating instructional video into curriculum.

LEAD FACULTY

Tennessee Tech University & Cal Poly Pomona • Summer 2022

Dakota State University • Summer 2021

- Served as lead faculty for Air Force JROTC cadets at three institutions within a youth development program. The course focused on Security+ preparation and cybersecurity career awareness.

GRADUATE TEACHING ASSISTANT

Governors State University • January 2000 - August 2000

- Served as an instructor for 2 sections of MIS 301: Basics of Information Technology; taught students computer software and computer hardware components.
- Served as an instructor for 2 sections of MIS 370: Management Information Systems; taught students how to integrate networks and information systems into the business environment.

GRADUATE TEACHING ASSISTANT

Eastern Illinois University • February 1998 - August 1998

- Analyzed survey data using SPSS and served as a SPSS tutor.
- Reviewed and revised survey instruments to evaluate student progress.
- Assisted in the correction of a student program tracking application using Access and Visual Basic.

RESEARCH ASSISTANT

Valparaiso University • August 1996 - May 1997

- Administered psychological assessments (TMA, DiSC, 16PF); designed field studies of test battery validity; conducted research on managerial decision making and employee performance.

≡ MORaine VALLEY COMMITTEE SERVICE

- Faculty Development Committee *Chair*
- College Training Steering Team *Co-Chair*
- Graduation and Completion Committee *Co-Chair*
- Assessment and Retention Academy *Co-Chair*
- Instructional / Infrastructure Subcommittee
- International Education Task Force
- Global Education Committee
- South Metropolitan Higher Education Consortium Regional Faculty Development Committee
- Curriculum Review Team
- AQIP Data Usage Committee
- Strategic Technology Planning Committee
- Learning Management System Review Committee
- Online Learning Task Force
- Instructional Technology Steering Team
- College Strategic Planning Team
- Academic Quality Improvement Program: Institutional Effectiveness *Co-Chair*
- AQIP: Valuing People Team (Employee Engagement/Succession Planning Focus)
- President's Advisory Council
- Moraine Valley Foundation Alumni Hall of Fame Selection Committee

PROGRAM DEVELOPMENT & GRANT EXPERIENCE

Cybersecurity Career Awareness and Exploration Initiative / Explore Cyber | NSF - ongoing

- Serve as Principal Investigator for a nationally scoped initiative that helps counselors, advisors, and educators better understand and explain cybersecurity careers to students across K-12 and higher education.
- Lead the design and delivery of professional development, toolkits, and workshops that connect education pathways with real workforce needs in cybersecurity and related fields.
- Oversee project planning, partnerships, evaluation, and reporting, ensuring the initiative meets national goals for workforce preparation, student access, and educational impact.

NCAE Education Pathway National Center (EPNC) | NSA - ongoing

- Serve as Co-Principal Investigator (Co-PI) and Director of Education Pathway Institutes (EPIs) to oversee college outreach and the establishment and operation of the national network of EPIs.
- Responsible for fostering collaboration between post-secondary institutions and their secondary (middle/high school) partners within the same state through the coordination of local and state events and training.
- Developed and provided cybersecurity and artificial intelligence training.

NCYTE NATIONAL COMMUNITY COLLEGE CYBERSECURITY FELLOWSHIP PROGRAM | NSF - ongoing

- Architected and operationalized a national fellowship creating a pipeline of community college cybersecurity instructors.
- Developed full program infrastructure: 112-hour training curriculum, orientation, 21st Century Learning Design workshops, instructional design modules (UDL/Quality Matters), summer boot camp, and mentored teaching assignments nationwide.
- Outcomes: 78 fellows earned Microsoft Certified Educator certification; 70 completed mentored teaching assignments; 17+ now serve as instructors at Barstow CC, Hinds CC, El Paso CC, Southern Maine CC, and others. (For more information visit <https://www.ncyte.net>)

National Center for Academic Excellence Regional Hubs Collaboration with State Departments of Education | NSA - completed 2022

- Serve as the Project Evaluator and assist with coordinating meetings and collecting artifacts for evaluation and dissemination.

National K12 Pathways Grant (RING Project) | NSA - completed 2022

- Work with Dr. Dan Manson to produce K12CyberTalk webinar series.
- Collaborated with K12 student contributors to create engaging and relevant educational content.
- Develop the K12CyberTalk website and social media presence.

C3P Scholarship for Service (SFS) Grant: Accelerated CyberCorps Pilot | NSF - completed 2022

Serve as Co-PI and faculty liaison for students in the program.

- Co-led pilot accelerating community college student placement into federal cybersecurity roles; developed weekly professional development plans and provided academic and career guidance through graduation and federal placement.

CTE CyberNET | ED - completed 2021

- Work with Dr. John Sands to develop the course schedule, content development, and facilitation of professional development activities for high school faculty.
- The Chicago Academy concentrated on enhancing teachers' capabilities to help students attain in-demand credentials, emphasizing industry certifications and two-year degrees. Through a gap analysis of local CTE cybersecurity curricula, the academy identified and addressed six technical areas crucial for teacher growth.

Internet of Things (IoT) Coordination Grant Network | NSF - completed| 2021 *Business and Industry Product Integration Liaison*

- Organize and expand the Coordination Network Business and Industry Network.
- Document knowledge, skills, and abilities for IoT system integrators.
- Create and maintain a web portal to collect information.

MEMBERSHIPS & VOLUNTEERING

- CAE Community of Practice Initiative Member for: New and Early-Career Members and Rural CAEs
- InfraGard member
- ISC2 CC Member
- WiCyS Member & Committee member
- Web Technology Users Group (WTUG) Founder
- American Welding Society
- ARM Institute, Credentials Working Group Member (2020 & 2021)
- Chicago Area Faculty Development Network Past Board Member
- Palos Health (Northwestern) Hospital Population Health / Analytics Office Technical Volunteer (2016 - 2018): Built a mobile app (iOS & Android) to Connect Network Physicians, Updated Chicago Health Colleagues Website, designed marketing materials, and assisted with events.
- Website Designer & Developer for Non-Profit Organizations Volunteer: City of Palos Hills and Palos Hills Police Department, and others.

ADVISORY COMMITTEES

- 2026 NICE Conference Planning Committee
- Hi-Tec Conference Executive Committee Member
 - 2023 to present Conference Marketing Co-chair
- NCyTE Cybersecurity Across Disciplines (CyAD) Conference Steering Team Member
 - 2023 to present
- NCAE CyberGames Advisory Committee Member (2023)
- Women in Cybersecurity (WiCyS):
 - Returning Working / Transitioning Group Member & 2021 Conference Program Committee Member
 - 2024 & 2025 Scholarship Committee Member

≡ PUBLICATIONS & EXHIBITS

GROWING THE CYBERSECURITY WORKFORCE THROUGH CYBERSECURITY CAREER AWARENESS PROFESSIONAL DEVELOPMENT FOR ACADEMIC ADVISORS AND CAREER COUNSELOR.

Journal of Advanced Technological Education. Co-authored with Jiri Jirik

BRIDGING THE GAP FROM CLASSROOM TO CAREERS: PARTNERSHIPS FOR CYBERSECURITY AWARENESS

Proceedings of the 26th ACM Annual Conference on Cybersecurity and Information Technology

PROFESSIONAL DISPOSITIONS++: ELEVATING COLLABORATIVE AND EXPERIENTIAL LEARNING IN TWO-YEAR PROGRAMS

Proceedings of the 26th ACM Annual Conference on Cybersecurity and Information Technology. Co-authored with Dr. Christian Servin

2023 ART & DESIGN FACULTY EXHIBITION: "10,000 WAYS"

Art installation of a set of sculpture and welded lamps.

INTERNET OF THINGS (IOT) WORKBOOK II: IOT BREWING COMPANY (2022) & INTERNET OF THINGS (IOT) WORKBOOK: IOT BREWING COMPANY (2020)

Co-authored with Chuck Bales

THE SCHOLARSHIP FOR SERVICE (SFS) TOOLKIT: TIPS FOR OPTIMIZING GRANT AWARD SUCCESS. COLLABORATIVE RESEARCH: COMMUNITY COLLEGE ACCELERATED CYBERCORPS PILOT PROGRAM

Co-authored with Brittany Craig, Kyle Jones, Michael Qaissaunee, Dr. John Sands, and Stanley Kostka

≡ PRESENTATIONS & TRAININGS

2026 NACADA REGION 5&6 CONFERENCE

"Empowering the Future: Guiding and Inspiring Students Toward Cybersecurity Pathways"

2026 NATIONAL CAREER PATHWAYS NETWORK

"Cybersecurity Career Toolkit: Equipping Counselors to Guide Students"

2025 HI-TEC CONFERENCE

"Building the Next Generation: The National Community College Cybersecurity Fellowship Program" and *"Bridging the Gap: Building Comprehensive Cybersecurity Career Pathways"*

- Co-presented with Michele Robinson

2025 CYBERSECURITY ACROSS THE DISCIPLINES (CYAD) SUMMIT

"Strengthening Multidisciplinary Cybersecurity Education"

"Securing Every Sector: Foundational Cybersecurity for All Professions"

- Co-presented with Michele Robinson

TECH SENTINELS: TRANSFORMING LEARNING

3-Day Workshop for rural high school faculty focused on integrating cybersecurity, AI and emerging technologies into the classroom

- Co-facilitated with Dr. Deanne Cranford-Wesley

2025 CAE IN CYBERSECURITY COMMUNITY SYMPOSIUM

"Building the Next Generation of Cybersecurity Faculty: The National Community College Cybersecurity Fellowship Program"

"Growing the Cybersecurity Workforce: Enhancing Career Guidance Through Professional Development for Advisors and Counselors"

2025 NCPN CONNECT

"Securing the Future Through Cybersecurity Pathways"

2025 INNOVATIONS CONFERENCE

"Using AI in the Classroom"

- Co-presented with Dr. John Sands

≡ AWARDS & HONORS

- 2026 HI-TEC Educator of the Year
- 2026 Impact Award Moraine Valley Community College
- 2024 Juried Community Art Exhibition
2nd Place Winner (Welded Artwork)
- 2023 Innovation of the Year Recipient
Moraine Valley Community College
- 2022 Lifelong Learner Award
Illinois Community College Trustee Association
- 2021 Juried Community Art Exhibition
2nd Place Winner (Welded Artwork)
- 2018 Juried Community Art Exhibition
3rd Place Winner (Welded Artwork)
- 2017 District 13 Educator's Scholarship
American Welding Society
- 2015 Innovation of the Year Recipient
Moraine Valley Community College
- 2008 Master Teacher Recipient
Moraine Valley Community College
- 2007 Innovation of the Year Recipient
Moraine Valley Community College
- 2007 Master Presenter Recipient
National Institute for Staff & Organizational Development
- 2005 & 2010 Old Dominion Doctoral Fellowship Award
Old Dominion University
- 2004 Professor of the Year Recipient
Moraine Valley Community College

≡ PRESENTATIONS & TRAININGS, cont.

2024 USDA CYBERSECURITY EXPO

"Building Tomorrow's Cybersecurity Educators: Inside the NCyTE Faculty Fellowship"
"Cybersecurity Across Disciplines (CyAD): Bridging Academia, Industry, and Government"

2024 CYBERSECURITY ACROSS THE DISCIPLINES (CYAD) SUMMIT

"The Better Generation: Building the Next Era of Cybersecurity Champions"

- Co-presented with Dr. John Sands

"Guiding and Inspiring Students Towards Cybersecurity Pathways: A Toolkit for Counselors and Academic Advisors "

2024 INNOVATIONS CONFERENCE

"Cybersecurity Incubator: Innovative Faculty & Curriculum Development"

- Co-presented with Dr. John Sands

2023 NICE K12 CYBERSECURITY EDUCATION CONFERENCE

"Empowering the Future: Building a Nationwide Cybersecurity Career Awareness"

- Co-presented with Jiri Jirik and Stephanie Wascher

2023 ATE PRINCIPAL INVESTIGATORS CONFERENCE

"Exploring Innovative Faculty Development Methods "

- Co-presented with Dr. John Sands and Mike Qaissaunee

"A Multidisciplinary Approach to Teaching Cybersecurity"

- Co-presented with Kyle Jones and Mike Qaissaunee

2023 CYBERSECURITY ACROSS THE DISCIPLINE (CYAD) SUMMIT

"CMMC Across Industries"

- Co-presented with Jiri Jirik

2023 HIGH IMPACT TECHNOLOGY EXCHANGE CONFERENCE

"Using XR, AR, and Virtualization to Integrate Cybersecurity Across ATE Disciplines"

- Co-presented with Mike Qaissaunee, Chuck Bales, and Stephanie Wascher

23RD ANNUAL BLUE RIBBON SCHOOLS OF EXCELLENCE CONFERENCE (2022)

"Cybersecurity Programs of Study"

- Co-presented with Dr. John Sands and Mike Qaissaunee

2022 ATE PRINCIPAL INVESTIGATORS CONFERENCE

"I've Always Been Good at Computers: Community College Student Decision Making About IT Careers"

- Co-presented with Danette Coughlan and Renee Edwards

"Hands-On Curriculum and Tools for Teaching IoT in the Classroom"

- Co-presented with Chuck Bales

2022 MIDWEST CISCO NETWORKING ACADEMY CONFERENCE

"Cybersecurity Maturity Model Certification – Something You Need to Know About"

- Co-presented with Jiri Jirik

2022 MIDWEST CISCO NETWORKING ACADEMY CONFERENCE (CONT)

"IoT FUNDamentals: Incorporating IoT & Embedded Systems into Your Curriculum"

- Co-presented with Chuck Bales

2022 HIGH IMPACT TECHNOLOGY EXCHANGE CONFERENCE

"IoT FUNDamentals: An Online Multidisciplinary Approach and Tools for Teaching IoT Technologies"

- Co-presented with Chuck Bales

CENTER FOR OCCUPATIONAL RESEARCH AND DEVELOPMENT (CORD)

"Preparing Technicians for the Future of Work: Spring 2022 Webinar Series"

- Future of Work: Integrating Emerging Technologies (IoT) Webinar

2022 COMMUNITY COLLEGE CYBER SUMMIT (3CS)

"Introduction to the Cybersecurity Maturity Model Certification (CMMC)"

- Co-presented with Dr. John Sands and Jiri Jirik

CENTER FOR OCCUPATIONAL RESEARCH AND DEVELOPMENT (CORD)

"Episode 37: Incorporating Internet of Things"

- Preparing Technicians for the Future of Work Podcast Guest (co-presented with Chuck Bales)
